**CRAFTING  
WITH PASSION**

## A ..... ART

From Mid 1990s, We were Furnishing the Indian Laboratories, spanning a range of Industries., from Pharma to Paints, Food Labs to Fertilizer Labs and From Start ups to Clinical Research.

We always were versatile to our core, though our Resources were limited. We were always flexible enough to understand the pulse of every customer, though communication media was a challenge. We made Innovation a Habit, though Technology at times was Limited.

We kept evolving.... Despite all the challenges around, .... We kept Learning... We kept Growing.... Definitely Not Alone.... With you– With The Customer.

## ART ..... ART LAB

After 23 years, in 2017 we still keep evolving with Our Association with Burdinola, SEFA Membership, Sprawling Manufacturing Facility of around 60000 Square feet, Exports to more than 10 countries, TRESPA Dealership, etc....

We still keep evolving by Bench marking our Lab Benches, to the world, setting new Standards with Quality manufacturing and pitching Our Fume Hoods as the Best Middle Range Fume Hood in India, Delivering Enviably Value Proportion, all the way.

## BENCHES OF STEEL

We Produce the Most flexible range of Steel Wall Benches and Island Benches, in India, with world class Quality and Finish. Just go through the available options and colours, the one suits your need and Budget. Be assured of the Rest.
